

EXTENSION OF THE EconX® PORTFOLIO ELECTRONIC CLUTCH ACTUATORS

Knorr-Bremse has offered the EconX Electronic Clutch Actuator since December 2016. From the beginning of 2019 the existing portfolio will be extended by an additional EconX Electronic Clutch Actuator.

The EconX Electronic Clutch Actuator is the ideal solution for economical repairs that take into account the vehicle's current value. The genuine remanufactured product from Knorr-Bremse makes it possible to operate cost effectively without compromising functionality or safety.

At a glance

- › Economical repairs that take into account a vehicle's current value
- › Genuine remanufactured by the original manufacturer
- › Special remanufacturing process that refers to the standards set for OE products
- › Identical functionality as service new product
- › Emission reduction of 59% CO₂ in comparison to the production of a service new product
