

## KNORR-BREMSE TRUCKSERVICES BRAKE PAD FINDER

### Discover your enhanced guide to genuine Brake Pad Kits

The original Brake Pad Finder has now been completely redesigned and replaced by the new TruckServices online version (see fig.1).

In just **3 clicks** you can quickly identify compatible Knorr-Bremse Brake Pad Kits by simply selecting your vehicle manufacturer (fig.2) and vehicle model/type (fig 3).

The Brake Pad Finder will then display the recommended Brake Pad Kit per Air Disc Brake application and, if ProtecS® equipped, a ProtecS® indicator will be shown to the right of the part number. A legend gives you more information about the abbreviations.

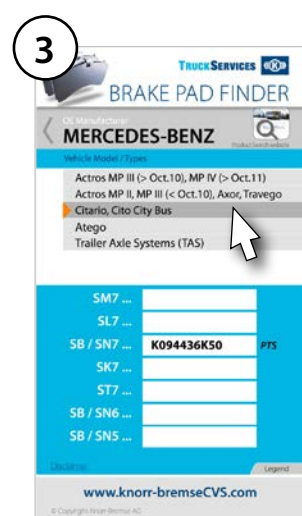

At the top right hand corner, is a quick link to the Knorr-Bremse Product Search website and at the bottom section the link to the main Knorr-Bremse Commercial Vehicle Systems website.

To start your search please go to:
